

How Much Does Coinbase Charge for \$1000?

For a \$1,000 purchase on Coinbase, the fees will vary based on the payment method and the platform used, but you can expect to pay approximately \$25 to \$50 in total. Using the standard platform with a debit/credit card could incur fees around \$40-\$44, including a \$10 card fee plus the spread and a \$3.99% fee. Using the standard platform with a bank account may cost around \$25-\$40, including a \$10 fee plus the spread and 1.49% fee. Using Coinbase Advanced Trade is cheaper, costing \$6 to \$10 with the maker/taker fees.

Standard Coinbase platform

- **Credit/Debit Card:** Expect to pay around \$40-\$44. This includes the \$10 fixed fee for using a card plus the spread and the 3.99% transaction fee.
- **Bank Account/USD Wallet:** Expect to pay around \$25-\$40. This includes the \$10 fixed fee for bank transfers plus the spread and the 1.49% transaction fee.

Coinbase Advanced Trade

- **Taker Fee:** You will pay \$6 (0.60%).
- **Maker Fee:** You will pay \$4 (0.40%). The 0.50% (\$5) spread is charged on top of the maker/taker fee.
